Nara & Grandpa Choy Head Out For New Adventures!

Six months of new Nara & Grandpa Choy radio programs are now in full production! But more than just radio programs, we are also developing a complete six month Sunday School curriculum to go with it, addressing key issues of faith for people who have grown up in a Cambodian Buddhist culture. With the Cambodian church growing rapidly there is a real need to solidly ground these new believers in the Word of God, and Nara & Grandpa Choy will give churches an effective way to disciple their children (you can also take a closer look at the program on our website at www.taborfocus.com/dan_and_louie.html).

We have finished doing principal recording of all 26 new episodes, and are currently editing the programs, and producing artwork and lesson plans for the Sunday School material. Once the programs are completed, they will be broadcast on FEBC Cambodia's FM radio station, and also distributed on CD to churches across the country. Please pray with us for the anointing and direction of the Holy Spirit in this exciting project!

“How will we get to the Castle today?”

Production of our children’s radio program “Nara & Grandpa Choy” is in full swing! Each week they go to the Bible Storybook Castle to learn from God’s Word how to live today! Check out the story inside for more info, or take an in depth look at the program on our website at:
