Cameras Roll On "The Last Letter"!

During the month of September, we partnered together with Sword Productions (a Christian film production company from the Philippines) and gen-X Media Group to film a full length evangelistic film called "The Last Letter."

This project not only will give the church in Cambodia an effective evangelism tool to use with young people, but it also is training a team of Cambodian Christian media professionals who will continue to impact their nation by being salt and light in an industry that is shaping the values and views of Cambodia's youth!

Pray with us as we prepare to release the film early next year that it will have a great impact for the kingdom of God!

Troy with Steve Cadd, film director from Sword Productions, during filming of "The Last Letter"

Filming on location in Kompong Spue, Cambodia

Prayer Requests

- Pray for creativity and anointing from the Holy Spirit as we edit the evangelistic film
- Pray for continued health and safety for our family
- Pray for God's leading and direction as we continue to develop new projects

For a detailed look at “The Last Letter” check out our website. You can find a discussion of the reasons for, and strategy of the project, as well as video clips, more pictures, and even take a look at the script. All this and more is located at;

On Location Shooting “The Last Letter”!

“The Last Letter,” our evangelistic film project, has completed principal photography! Partnering together with production companies in Cambodia and the Philippines, as well as various churches and missions agencies, we spent 3 weeks filming in locations across Cambodia! Take a look inside for more on the production!
